

# Junior Church

We have two groups that meet to explore through stories and creative arts the theme of the day during the Sunday morning service. These are designed to be suitable for each age group. The younger group age 3-5 and another for 6 and above. The children may spend a short time in the main service before going off to their own activities

There is a **creche** for very small children and toddlers to play with toys at the back of the church, supervised by members of the Church so parents can enjoy the service if they wish or stay with their children.

Our Welcome Area at the front of the building has lots of room for young people and their parents to stretch their legs and wander about if they need to and yet still remain part of the service if they so wish. All creche helpers and teachers have current DBS certificates.

Generally on the 4<sup>th</sup> Sunday of each month is a **Family Service**. On these days' music, readings and the talk are adapted for the whole family, so there are no other children's activities as the whole congregation worship together.
