“Inspired by the songs, stories and history of the British and Irish coastline, 'Force of the Tide' delves into our rich seafaring heritage. The maritime themes range from the beautiful Welsh language maritime lullaby Si Hei Lwli Mabi, to Maid in Bedlam - a sorrowful lament of a girl kept in chains in the infamous Bedlam after her true love was sent to sea. Alongside these more melancholy songs, the album also includes two up-tempo instrumental tracks, Dribbles of Brandy and a medley of Welsh dance tunes, Bedd y Morwr and Tros y Garreg, so we're hoping that the album will be quite a journey of stories and emotions.”

The Meadows performed at Chessington in 'Celtic Journey' July 2017 together with American classical crossover soprano Kristyn Murphy. They will be returning for their own concert 'Force of the Tide' on May 25th at 7.30. Tickets £15 (£13 concessions) are available from John H, or online at:
